value at the table

Along the forest path we notice an element of the nature that calls our attention. It's a twig, with some little gem. Just the gesture to catch it and take it to our home where it is placed next to others loved items or in the center of the table. So we find the our environment enlivened by a new freshness.

**Why not get inspired?
Handmade in Italy.**

From this sensation comes the series of brilliant sculptures. Is discover links with the emotions that remind us of nature, defined in a timeless form, but that belongs to our everyday life, perfectly integrable in any environment where they create a beautiful presence telling of the harmony and elegance of the nature.

It is particularly suitable for furnishing and qualifying environments with its own significant presence, including sculpture and design object. It is ideal for home environments, and it is also an excellent decoration for the office, perfect on desk or meeting table, in the bookcase. Mirrored on the its surface reflects the light and the colors that surround it, therefore it integrates with elegance in every environment.

It is an irreplaceable gift idea, decidedly original, that will remember those who donated it in a unique way. In the House a beloved object, another sculpture, a painting, the memory of a trip. They are made of high-quality extruded steel, turned, welded, chromed and polished individually by hand with mirror finish.

It is contained in an elegant and original package gift, made specifically. Product design, workmanship, manufacture are Italian. The model is patented according to law. Ornament, modern design centerpiece.
